A New Climate For Theology

A New Climate for Theology is written from the perspective of a concerned and educated theologian trying to argue a case already in the forefront of the public sphere. Global warming is certainly not a new topic and McFague makes no attempts to present it as such.

being human means and what a just and sustainable economy might mean.

Convincing, specific, and wise, McFague argues for an alternative economic order and for our relational identity as part of an unfolding universe that expresses divine love and human freedom.
