Getting Ready for Smarter Balanced Assessment

Always make sure to review the assessments yourself before you assign them to students! It's important that the assessment is relevant to what you have taught your students and that the content is groomed for your classroom. Keep in mind, the beginning of the year is a great time to set up some pretests.

Formative Assessments to Kick Off the Year

First Description. Dr. William Heberden, a London physician, described the first cases of Henoch-Schönlein purpura (HSP) in 1801. In describing HSP, Heberden wrote of a 5-year old boy who "...was seized with pains and swellings in various parts...He sometimes had pains in his belly with vomiting...and the urine was tinged with blood.
