### **Biopolitics And Memory In Postcolonial**

Biopolitics, read as a variation of Foucault's Biopower, has proven to be a substantive concept in the field of postcolonial studies. Foucault's term refers to the intersection between power (political, economic, judicial etc.) and the individual's bodily autonomy. According to postcolonial theorists, present within the colonial setting are various mechanisms of power that consolidate the ...

Cultural imperialism, also called cultural colonialism, comprises the cultural aspects of imperialism. "Imperialism" here refers to the creation and maintenance of unequal relationships between civilizations, favoring a more powerful civilization. Thus cultural imperialism is the practice of promoting and imposing a culture (usually that of a politically powerful country) over a less powerful ...

1. Historical Context and Developments. Current feminist political philosophy is indebted to the work of earlier generations of feminist scholarship and activism, including the first wave of feminism in the English-speaking world, which took place from the 1840s to the 1920s and focused on improving the political, educational, and economic system primarily for middle-class women.
