ATA 100 contains the reference to the ATA numbering system which is a common referencing standard for commercial aircraft documentation. This commonality permits greater ease of learning and understanding for pilots, aircraft maintenance technicians, and engineers alike. The standard numbering system was published by the Air Transport Association on June 1, 1956.

A Boeing 777-300ER ordered by Cathay Pacific - customer code 67 - would be designated 777-367ER. The codes do not change if the aircraft is subsequently sold, although in some cases if an airline cancelled or sold their order before Boeing had delivered the airframe the customer code would be changed to that of the new purchaser.
