5 Great Strategies for Improving Business Performance by ...

Using an MIS system can improve the performance of a company in many ways. R. Kelly Rainer, Jr., George Phillips Privett Professor at Auburn University and Co-author of Management Information Systems, Moving Business Forward, says, "Any organization that does not use MIS simply will not exist for long. This statement would not have been true a couple of decades ago, but computer-based information systems are now essential to the survival of any organization."
