Goal Setting Guide

Goal setting demands a desired result, and could be simply defined as the process of deciding what to accomplish, and then devising a plan. The implication of setting a goal is that we desire change, and in this way, goal setting is an intellectual exercise used to plan for the future and achieve some semblance of our present dreams.

Goal Setting: Your Guide to Setting Goals

The Ultimate Guide To Goal Setting: Step-by-Step "Successful people maintain a positive focus in life no matter what is going on around them. They stay focused on their past successes rather than their past failures, and on the next action steps they need to take to get them closer to the fulfillment of their goals rather than all the other distractions that life presents to them."

The Ultimate Guide To Goal Setting: Step-by-Step ...

I. What is Goal Setting? Experts define goal setting as the act of selecting a target or objective you wish to achieve. Fair enough. That definition makes sense, but I think there is a much more useful way to think about setting goals. What is Goal Setting? Most goal setting exercises start with an overpaid consultant standing by a whiteboard and asking something like, "What does success look like to you?"
