The Howard County Public School System's mathematics program is built upon the HCPSS Mathematics Curriculum. The mathematics standards set a rigorous definition of college and career readiness by demanding that students develop a depth of understanding and ability to apply mathematics to real-life situations, as college students and employees regularly do.

Mathematics - HCPSS

Kindergarten students may have little experience with science study, but each module in the Kindergarten scope and sequence begins with concepts familiar to Kindergarteners and moves on to expand their understanding of the topic. For example, the study of energy can be difficult for young students because energy cannot be seen directly.
