Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

I should know better by now not to trust a book with an advert as part of the title; "Last night: An absolutely gripping psychological thriller". I'm writing this review on the fly. I'm nearly half way through this book and there is definitely nothing "gripping" about it. So far only one notable thing has happened.
