Philosophy of logic, the study, from a philosophical perspective, of the nature and types of logic, including problems in the field and the relation of logic to mathematics and other disciplines.. The term logic comes from the Greek word logos.The variety of senses that logos possesses may suggest the difficulties to be encountered in characterizing the nature and scope of logic.

philosophy of logic | Definition, Problems, & Facts ...

Even though the logic of the liturgical reforms makes sense within its own terms of reference, its starting point (“active participation”) was wrong. So, its conclusions (the practical consequences as evidenced in the Novus Ordo Masses) were also wrong in spite of the correctness of its logic or, rather, because of it.
