### **Serial Number Details | Northland Marine - Minn Kota Parts**

I recently aquired a Minn Kota electric trolling motor. The serial # is MK00464739, the decal on the cover says 65 28lb thrust 5 speed. The gal at Minn Kota says that according to the serial number it is a model 65M made from 87-92. Does anyone have a owner's manual that they could copy or email a scan of?
