### Posthumanism And Educational Research Routledge

Focusing on the interdependence between human, animal, and machine, posthumanism redefines the meaning of the human being previously assumed in knowledge production. This movement challenges some of the most foundational concepts in educational theory and has implications within educational research, curriculum design and pedagogical interactions.

Book Description. The Posthuman Child combats institutionalised ageist practices in primary, early childhood and teacher education. Grounded in a critical posthumanist perspective on the purpose of education, it provides a genealogy of psychology, sociology and philosophy of childhood in which dominant figurations of child and childhood are exposed as positioning child as epistemically and ontologically inferior.

### **Routledge**

Abstract. This contribution distinguishes between different varieties of posthumanism. It promotes a 'critical posthumanism' which engages with an emerging new world picture at the level of ethics, ecology, politics, technology and epistemology.

### **Posthumanist Education?**

The posthuman turn has radically--and rapidly--shifted what is possible in research methodology. In response, my aim in this conceptual paper is to suggest entry points into posthuman educational research methodology. I outline aspects of posthumanism while recognizing its multiplicity: there are many posthumanisms and each offers different twists, turns, and ways of thinking about methodology.

### **Posthumanism as Research Methodology: Inquiry in the ...**

This chapter traces the notion of early childhood education for sustainability (ECEfS) from its historical beginnings, through policy, curriculum, pedagogy and research perspectives. Intrigued by...
