OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

Ski Doo Formula Z 670

In comparison to the similar, but SC-10 high performance equipped Formula 583 Deluxe, the Formula Z 670 offers an inch more vertical travel. Both rides are controlled by one of Ski-Doo's Motion Control gas shocks on the front and rear suspension arms. Providing a smoother ride and better control is the basic idea behind the new F-Z suspension.

1998 Formula Z 670 | American Snowmobiler Magazine

Ski-Doo introduced the Formula Z 670 for the '98 model year, the most unique facet of the machine was its rear suspension. Instead of the tried-and-true SC-10 skidframe used in the rest of...
