I understand that I'm not the target audience for this book, but as a fan and supporter of the work of Alison McGhee, I want to give everything she writes a chance. This is a young adult novel aimed at the late elementary/junior high school age. "Snap", though written for a younger audience, is just as good as McGhee's full length, adult novels.

Desperate to create some order in her world, Eddie makes lists obsessively and wears a rainbow of rubber bands on her wrists to remind her of the important things in life. With each snap of one of the bands, the pain helps her to chew her food, laugh out loud, and remain brave even when she is fearful. Unfortunately, when she learns that her best friend's grandmother is terminally ill, she's ...

Snap by Alison McGhee | Audiobook | Audible.com

Snap was one of those novels that you cant assume about based off the summary. This book was more about Madison and her moving to a new town, losing her old friends, her perfectly planned school year, and a potential boyfriend. It was less about the eerie scenario of her photograph and the possible deaths related to it.
