Strategic Regulatory & Scientific Communication, LLC was founded by two professional scientist writers, Kristin Brooks, MS and Kate Melia, PhD. With over 50 years of combined experience, we know how important good medical writing is for the successful approval and commercialization of your innovative therapies. We also appreciate just how hard it is to find good writers – ones who truly understand the science and the business, who grasp the nuances of the data, who can integrate and ...

### Home [www.strategic-medwriting.com]

While science writing deals with writing about basic sciences, drugs and technological innovation for common readers, medical writing is all about developing clinical and scientific documentation in a standard, comprehensive, reliable and convincing manner. Medical writing demands special skills to produce well-structured documents that present information clearly and concisely. Medical writers require knowledge of therapeutic areas, the drug development process, pharmacology, drug safety ...
