About the Author Philip Augar, a former banker with a doctorate in history, is the author of several previous books including the celebrated The Death of Gentlemanly Capitalism (Allen Lane, 2000). He has held numerous public and private sector directorships, and is currently chair of the UK government's review of higher education.

The Death of Gentlemanly Capitalism: The Rise And Fall of ...

Gentlemanly capitalism is a theory of New Imperialism first put forward by the historians Peter J. Cain and A. G. Hopkins in the 1980s and developed in their 1993 work British Imperialism. The theory posits that British imperialism was driven by the business interests of the City of London and landed interests.

Gentlemanly capitalism - Wikipedia

gentlemanly capitalist and industrialist. Gentlemanly capitalist claims for the progressive merger of City and landed interests and the evolution of closed dynastic networks are not supported by broader samples of enterprise. The mortality of firms, the impact on them of commodity cycles, and conflicts between protectionists and free traders, all suggest

informative representation of gentlemanly capitalism at work. The Suez Canal was undoubtedly a strategic and economic asset to Great Britain as a means of protecting and trading with India; by purchasing the Khedive's shares, Britain had gained a financial asset (and potential liability) as well.

How does access to this work benefit you? Let us know!

Despite this lingering disagreement, The Death of Gentlemanly Capitalism is thoroughly enjoyable and I recommend it unreservedly to the thousands of people commuting to the City for their daily bread. The big money-earners in Wall Street should also read it to learn a bit more about London before being shipped over "hungry" to do business.
