### USA Made Cowboy Boots List | 53 Manufacturers & Brands

The manufacture and marketing of cowboy boots, like western wear in general, experienced dramatic cyclical changes in the 1980s and 1990s. Most bootmakers still remember the consequences of one boom-and-bust period in western wear, the so-called "urban cowboy" fad of the early 1980s, when many companies expanded their production capacity only to see demand plummet.

Since the safety boots have to resist extreme weather conditions, heavy falling objects, sharp equipment and rough surfaces, the material used in manufacturing them are also stout and durable. The reinforcement of the shoes is mostly made up of steel or aluminium or even a composite material, depending upon the manufacturer.
