stage: During the early part of the 16th century, there were two distinct types of theatre in England. One was represented by small groups of professional actors who performed in halls, inns, or marketplaces. The location of a play was established by the words and gestures of the actors. As in the commedia dell'arte, these localities had little

The Theatre demanded a certain amount of mobility – and determination – from its audiences. Bordered on one side by a 'great barn', on another by a ditch, and on a third by a horse pond, the Theatre no doubt stank on warm days. Standing room cost a penny, gallery space two pennies, and 'quiet standing' three.
